

Checklist Application

Certification of Compostable/Biodegradable Products

Please note: The technical pre-assessment of your certification procedure can only start as soon as we have **all** the necessary documents according to the checklist below.

If we need information from your suppliers, please send us their contact details so that we can get in touch with them.

No.	Documents	
1.	Completely filled in and signed application form	☐
2.	Type/Brand name of your product (which shall be mentioned on the certificate)	☐
3.	Photo of your product	☐
4.	If you like to certify a portfolio of different sizes and types (e.g. tableware) please provide a list of these including the dimensions (e.g. excel sheet)	☐
5.	List of all ingredients of your product including additives in dry weight mass% (filled in datasheet in the application form or separate document, e.g. excel sheet)	☐
6.	Safety Data Sheets of all applied ingredients in English or German language (Note: Technical or Product Data Sheets cannot be accepted)	☐
7.	If paper is applied: List of all ingredients of the paper including all additives in dry weight mass% (can also be provided by your supplier directly)	☐
8.	If masterbatches are applied: List of all ingredients of the masterbatch in dry weight mass% (can also be provided by your supplier directly)	☐
9.	If printing inks are applied: Information of all colour shades applied on the product and the maximum dry weight mass% in your final product as well as the Safety Data Sheets of the inks	☐
10.	Test reports according EN 13432 or other relevant standards from a DIN CERTCO approved laboratory (if already tested)	☐
11.	Existing certificates (e.g. BPI, ABA, Seedling, REAL, DIN-Geprüft, DINplus) or indication of the respective registration no. (if already certified)	☐
